What your sponsored team will build in 3 live sessions

Practical first step for finance transformation - not a theory seminar.

Each session ends with a reusable business output your team can adapt internally.

Live session	What the team works on	Team output	Sponsor value
1. AI for Finance Leaders: From Signals to Decisions	Use AI to scan market, cost, supplier and macro shifts and translate them into finance implications.	Decision brief	Faster management reporting
2. Scenario Planning for CFO, Treasury and Risk Teams	Model energy, FX, rates, funding and supply-chain scenarios and define escalation triggers.	Scenario-planning pack	Stronger risk visibility
3. Board Reporting and Finance Workflow Design	Turn signals into a board-ready memo and a 30-day rollout plan for internal use.	Board-ready memo + 30-day rollout plan	Clear next steps

Recommended 5-person sponsor mix

- 1. CFO office / finance transformation lead** - owns executive follow-through.
- 2. Treasury / liquidity lead** - connects shocks to funding and cash decisions.
- 3. FP&A / planning lead** - applies AI to scenarios and reporting.
- 4. Risk / audit / controls lead** - strengthens governance and monitoring.
- 5. Strategy / procurement / operations lead** - links signals to business action.
